Situation unchanged after more discussion on Ball Estate rezoning

After another full discussion on the Ball Estate rezoning the situation remains unchanged. Councillor Russell's notice of motion that third reading of the controversial bylaw to rezone a lot for hotel parking in the Ball Estate, not be proceeded with, was the first item on council's

agenda Monday night. More than 20 residents of Ball Estate were in council chambers, as well as developer Shapiro, his lawyer and one of his staff.

Councillor Russell, speaking to his motion, said he felt the bylaw should not be proceeded with in fairness to both the residents and the developer in the light of new information. "Two years ago Councillor Kambourff and I tried in council to get rezoning to provide for highway commercial, leading back to multiple dwelling and then to single family zoning. "This concept is accepted as good planning," said Cr. Russell. "The rezoning of lot 2 is an intrusion into a single family zone."

"The ravine also plays an important part, as a trunk sewer and above-ground water shed, and also as a potential park area. If this parking lot goes in, it is inconceivable that we could develop a proper park there," he went on.

Councillor Russell also felt council should look at the

downtown area where there is "too much unassessed area," and that if too much commercial development is allowed elsewhere, it will discourage development down town. "We also want development in the Ball Estate area, which is also under-assessed, but this particular proposal would inhibit orderly development."

"Subdivision will come, said Cr. Russell through the demand for housing, and because of the cost without subdivision. He also pointed out several alternatives to building a school in Ball Estate until this is economically feasible. In closing Cr. Russell stated his opinion that council has a moral obligation to carry out the basic concept planned for the area at the time they annexed the Ball Estate. "However I hope council can see the other aspects of my position" he said.

Planner John Woodroffe said that the plan of 1966 remains valid if the situa-

White takes Edson post

Roy White has resigned from his position as secretary-treasurer, St. Albert Protestant Separate school district. He left for Edson where he has been appointed assistant secretary-treasurer for the Yellow Head No. 12 school division.

Mr. White will be commuting back and forth between Edson and St. Albert on weekends. His family will continue to make their home here until the end of the school year.

One son is currently taking grade 12 at Paul Kane and Mrs. White is assistant school secretary at George Simpson junior high.

available at the park.

Among the trick-riders entered in the bike-a-thon is Walter John Watts, riding his unicycle. Mr. Watts, 22 of Edmonton, has ridden his one-wheeled machine to New Sarepta, a 35 mile trip which took seven and one half hours, and plans to ride to Calgary and maybe Toronto.

Kinettes aid Unger school

The Kinette Club of St. Albert, who recently welcomed the founder of the school as their guest speaker, have taken a special interest in the Evelyn Unger School.

Saturday afternoon a group of St. Albert children, students at the school, gathered with their parents at the home of Mr. and Mrs. Jan Maandag where the Kinettes presented them with a cheque for \$150, payable to the school.

Mrs. Unger took time out from her busy schedule to be present and expressed her appreciation to the Kinettes for their generous gesture.

Board considers preliminary highschool plan

The Board of Trustees, St. Albert Protestant Separate school district, was presented with a set of preliminary plans for the new high school, Jack Gardener, of the firm Wood and Gardener, architects, was in attendance at the April 14 meeting to outline the plans and answer questions from the trustees and staff.

The architects have come up with a design which was termed "a box" by Paul Kane high school principal John Hrynew, but with which Superintendent Elmer Gish said he is "relatively pleased."

The maximum allowable cost for construction of the school is \$16.25 per square foot, this amount to include all equipment. Any monies spent over and above this amount must come from the district. It is felt that because of rising labour costs it may be difficult to bring in the school under the allowable amount.

The architects plan makes provision for a little theatre to be included in the school building. It would have fixed seating for about 120 - 130.

Mr. Hrynew was asked to give his comments when the

architect completed his presentation. Mr. Hrynew, who said he and his staff had been studying the plans for a week, found little to say in favor of the two storey building. He said that while he appreciates the fact that the architect is working with a limited budget he wished to make a number of suggestions.

For starters, Mr. Hrynew would like to see the home-ec area located on the main floor, near the Industrial and Fine arts departments. This would avoid having to carry supplies up the stairs. It was pointed out that at Paul Kane the home-ec department uses about \$200 worth of groceries per month at present. These would have to be hauled upstairs by the teacher. Chairman Charles Schroder suggested the architect look into the cost of a dumb waiter to get around this problem.

Mr. Hrynew would also like to see the business education department situated on the main floor, next to the general office. This would facilitate the

Moccasin Miles

On Sunday, April 25 there will be a Moccasin Miles March for the Native Society, which is in support of three organizations within the Society, beginning at Northgate Shopping Centre, the March will proceed to 12th street, Sturgeon River Road, St. Albert, St. Albert Trail and back to Northgate via 137 avenue.

Any resident of St. Albert and district who would like to support this march, may make their pledge to Mayor Ray Gibbon at his office by telephoning 599-6601, or his home, 599-7614.

In excess of 800 expected in Bike-a-thon

Only heavy rain can stop the 800 plus riders registered in the Breakfast Lions Bike-a-thon, slated for this Saturday. If it pours, the event will be postponed one week.

The bulk of those registered are students attending grades one to five; these

riders are requested to be at the Lions Park at 10 Saturday morning. All other riders start on their 24-mile course at 9 a.m. To help get the riders on their way, the Lions Band and Majorettes will perform at the park.

Each rider will be provided with a map and the route will be patrolled by members of the Radio Communications Service Club, who will also man a concession booth at the park. Leo club members will be on duty at the check points. Cyclists are reminded that washroom facilities are

available with a map and the route will be patrolled by members of the Radio Communications Service Club, who will also man a concession booth at the park. Leo club members will be on duty at the check points. Cyclists are reminded that washroom facilities are

Evelyn Unger is shown accepting a cheque from St. Albert Kinette president Marie McRae. Also pictured in the back row are Jack Wright, a student at the Unger school and Elaine Welsh, Kinette club member. In front are: Dawn McIndoe, Wanita Kuzio, Patti Peterson, Douglas Maandag, John Schramm, Lawrence Hannestad and Dennis Sabourin. Another student at the school, Todd Leach, was unable to attend.

Paul Majeau hasn't seen Sturgeon River flooding this high since 1948. His buildings are surrounded on all sides, with water covering 300 acres at this site. In all about 1,000 acres of his property are under water. With the road closed to the south the only way the Majeaus can get out is north on this road. The farm is four miles out of Villeneuve and flooding is expected to peak today or tomorrow.

Lower photo was taken looking east at the correction line on the Villeneuve road which was closed Monday at a point just west of the Allan McDonnell farm. Water is about three feet deep over the road bed and up to 15 feet in the area seen at right. Pictures were taken about 5:30 p.m. on Tuesday by Ed Savola.

ERNIE JAMISON - EDITOR & PUBLISHER

Eileen Austin dies at 52

The Reverend R. O. Olson of St. Albert conducted funeral services for Mrs. Eileen Victoria Austin at the Chapel of Chimes on April 16. Music included "Jesus, lover of my soul" a favorite hymn of Mrs. Austin. Cremation followed.

Mrs. Austin died, the victim of lung cancer, in Sturgeon General Hospital April 14. She was 52 years old. She is survived by her husband, Fred C. Austin of Garden Crescent, sons David of Edmonton and Fred, of Gordon Crescent, and daughter Linda, at home; three grandchildren, and an aunt, Mrs. Mona Thompson of St. Albert, who had been like a mother to her after she lost her mother as a small child, and cousin Phil.

Mr. Austin came to St. Albert three years ago from

Liverpool, England, followed six months later by his wife, Mrs. Austin had been deeply involved with the welfare programs of the Ladies Auxiliary to the British Legion, while in England. In particular she was active in work with underprivileged children and old age pensioners, as was Mr. Austin.

A favorite hobby of the couple was ballroom dancing and they enjoyed taking part in competitions in the old country. Their interest in this hobby continued after coming to St. Albert and as often as possible they enjoyed an evening of dancing.

Eileen Austin will be remembered by all who knew her as an unfailingly cheerful and kindly woman, a good neighbor and a good friend.

Clean Up Campaign launched by Lions

The Breakfast Lions announced this week that they will be spearheading a

spring clean-up in St. Albert.

The week of May 2-8 will be designated:

Spring Inventory Week

to imply that it is intended as a period when citizens are urged to take stock of their premises -- indoors as well as outdoors. It is intended that particular attention be paid to basements, attics, storerooms and garages where articles of little or no use accumulate.

"Spring Inventory Week" is intended as a three-prong attack on accumulated superfluous material. The Breakfast Lions will be soliciting donation of "don't-need" articles; the cubs and scouts will collect pop bottles and paper, and the town sanitation department will collect the remainder.

The program is intended

to afford the citizens an opportunity to convert their excess articles into valuable services in the community while at the same time clearing valuable space in and around their premises.

Business establishments are urged to participate by donating "White Elephants" and un-needed articles to the Breakfast Lions.

Articles collected by the Lions will be sold at a public auction at a later date. Proceeds will be directed to Community service projects. Proceeds from collected pop bottles and paper will go towards financing cub and scout activities.

Pick up plans will be announced in the near future.

Cancer Blitz

Ladies of the Catholic Women's League of Canada, St. Albert council, have accepted the challenge of organizing a cancer crusade campaign in the town of St. Albert, Monday, April 26.

Each dedicated volunteer will know the vital importance of bringing his or her neighbor the facts. Only by knowing the facts about cancer can we develop a realistic, reasonable approach which dispels paralyzing fears. A significant reduction in cancer deaths could apparently be achieved by educating people to recognize and to report to their family doctor any symptoms which might be early signs of cancer.

In Canada, cancer research, education and ser-

vice to patients, depends heavily for its support on voluntary contributions.

When a canvasser calls, won't you listen to their story and please be generous.

Believe it... cancer can be beaten.

The plastic sacks used to collect the blood at Red Cross blood donor clinics allow whole blood to be used more efficiently for blood component therapy.

Platelets are minute cells obtained from whole blood collected by the Canadian Red Cross. They are of vital importance in the treatment of leukemia.

Council refuses subdivision change

Council passed a resolution from committee to establish bylaw a new Parks and Recreation Advisory Board of up to 12 members, but not to be enacted until the Joint Use Committee and the existing Advisory Board have been invited to comment on it. Committee recommendation is that the new board should include the chairman of the Joint Use Committee, a member of council, a member of each school board and eight members at large.

It was moved unanimously that the proposal for commercial development by

Northern Land Holdings be tabled until the first finance and public works committee in September of this year. At last week's committee meeting council had interviewed three members of the firm on their proposal for a commercial development south of Klondike Inn. They heard also Planner Woodroffe's objections to the proposal.

A proposal for subdivision of a number of lots within St. Albert Settlement, by developer BACM had been recommended for approval by a narrow margin in council committee meeting April

12. Planner Woodroffe had also recommended approval of the subdivision. When Chairman Russell moved the resolution at council Monday night, Councillor White immediately voiced his objection, saying "I feel strongly this will devalue the homes in the area." "I opposed the subdivision before" said Cr. Kambour-off, "and I do now. This is another request for a concession after the thing is done." Councillor Hudson said he would also oppose it. (BACM were applying for

permission to build semi-detached homes on the lots in question). Motion that the application be approved was lost 5 - 2 with Crs. Lukay and Russell in favor.

Mr. Woodroffe then asked if he could have a motion asking him to oppose the subdivision and giving councils reasons.

"Council is not prepared to change a subdivision after they have given approval to it" said Mayor Gibbon. "The developer did not come in with split lots at the time of subdivision."

Angle parking restricted on Perron Street

Angle parking on Perron street will be restricted under an amendment to the parking bylaw passed by council this week. Parallel parking will be in effect from Churchill avenue down to St. Michael street. Angle parking will be allowed from the most northerly property line of St. Michael street to a point (presently marked

no parking) 85 feet from the south end of the bridge.

In the discussion on the motion for third reading, Councillor White asked "what are we looking at next year with regard to arena parking?" The mayor replied that this should be supplied at the rear of the building and Mr. Beedle said that estimates for bringing the arena parking lot up to standard had been put in his department's budget. Cr. Russell wondered if it was fair to the merchants to put the amendment in now, without providing additional parking. Councillor Kambour-off felt it was better that the merchants involved make some sacrifice, than that someone gets killed.

He said he had observed many instances when youngsters coming out of the arena had been in serious danger and if the arena is used in summer, The mayor felt parking at the rear of the arena would have to be well enforced, and perhaps a crosswalk should also be considered.

Early Bird winners

The Association of Kinsmen Clubs of Alberta today conducted their second early bird draw in conjunction with their \$50,000 Kinstake Lottery. As a result five more individuals are \$500 richer. They are:

- 1) J. F. Ferguson, 10741 - 112 St., Edmonton.
- 2) R. S. Rogers, Botha, Alberta.
- 3) Daniel Demchuk, 11309 - 65 St., Edmonton.
- 4) J. S. Steedman, 2816 - 63 Ave., S.W., Calgary.
- 5) Mrs. J. Redmond, 9247 Strathearn Drive, Edmonton.

The final early bird draw for \$5,000 in cash awards will be held May 15th with the draws for the major cash awards being conducted May 28.

All proceeds from this charitable lottery will be returned to the 51 participating clubs in Alberta for community projects.

... to the editor Everitt apologizes

The Editor:

May I reply to Father Levangle's letter in the issue dated April 7. Having now scrutinized the list of names of those who purchased Social Credit memberships, I am now very much aware of the fact that there are many people living in St. Albert who may have seen me for the first time at the nominating convention in Morinville. Father, you are right. Instead of using 24 minutes of the half hour, which we were allotted, to nominate and for entertainment I should have used 25 minutes to outline a program of responsibility, a program of excitement, a program of meeting the challenges of tomorrow.

Yes, there was a tremendous audience and for those that didn't know me - I muffed it.

Yes Father I too believe that politicians should dream dreams. My hope of course, is that I am able to distinguish between those that are realistic and those of the "Alice in Wonderland" type. If there was ever anything I was really serious about it is my slogan "People Before Politics." You will note how careful I was not to say one word that would harm or hurt Mr. Fowler if he would have received majority support from the convention, I have

"Good," said his interviewer. "You don't seem to have any vices at all."

"Just one," replied the applicant. "I tell lies."

tremendous respect for Dick's ability and perhaps was overly cautious about answering any of his criticism.

It is evident to me Father that your statement "If I'm not part of the solution then I'm part of the problem," was made because I failed to outline a program to those attending the convention. Although many congratulated my committee for their contributions, e.g. being nominated by the three generations Mrs. Norma Clark, Mr. Ed Saviole and Mr. Auger, the excellent entertainment by Mrs. Montpetit, Mrs. Krauskopf and Mrs. Everitt a few opening remarks by Mrs. Sylvia Walsh and Earl Mulligan, there were those who wanted me to present a program for the future - in this I failed. Please accept my apologies Father. In the days that lie ahead there will be plenty of time and opportunity for me to do that.

Keith Everitt.

SPRING IS HERE

Goings on at Paul Kane

By Holly Hill

Students at Paul Kane are back at their books after a well deserved holiday. The first couple of days were spent taking up exams as the students will receive their report cards on Friday.

BASEBALL

The girls have now got a coach for their softball team. As soon as the grounds

are dry, they will be able to get out and start practising.

STUDENT'S PARLIAMENT

The regular meeting of Student's Parliament was held on Tuesday. The members discussed the possibility of holding a track meet with St. Albert High, sometime near the third of May. A dance featuring Stony Plain, a group from Van-

cover, would be held in conjunction with this.

BADMINTON

This weekend PK had students entered in Badminton competitions at Vital Grandin. The teams consisted of Dave Garret and Anne

Lovett, and Kent Richardson and Judy Schmidt, mixed; Mary Jamison and Pat Lucas, girls doubles; Wayne Dent and Brian Harvie, and Eddie Zinchuk and John McKenzie, boys doubles; Sylvia Schmidt girls singles.

FIRST... INQUIRE WITH US... BEFORE YOU BUY

Hurry down to your Chevy dealer for the \$30,000 Moneymiles Sweepstakes!

(And a chance to drive the big new Impala.)

Make a move that could make you a winner two ways.

For a start, drive the '71 Impala and see how the changes we made give you more of what you want in a car.

Always a smooth ride, Impala is even better this year. Thanks to its longer 121.5" wheelbase, improved suspension, wider stance and wider wheels.

And a car that moves as well as the Impala also needs to be able to stop very surely. So power front disc brakes are standard equipment.

Some of the equipment illustrated is optional at extra cost.

There's also a dual master cylinder, warning light and corrosion-resistant brake lines.

We made 15 meaningful improvements to the '71 Impala. Most of them, just for you.

But one of them is for everyone's benefit. A new control system helps cut down fuel evaporation into the atmosphere. And to further fight air pollution, all 1971 Chevrolet engines have been designed

to operate efficiently, and with lower exhaust emissions, on low-lead, no-lead or regular fuels.

Inside and outside, Impala has the look of leadership. Gives you a very good feeling when you're behind the wheel.

What about the \$30,000

Sweepstakes? Look for this Moneymiles Sweepstakes sign at participating

Chevy dealers. You could win up to \$30,000. The dealer has all the details. Hurry on down!

Buckling seat and shoulder belts is an idea you can live with.

You're always a winner with Impala.
See your Chevrolet dealer today.

Awards presented to participants in Skate-a-thon

Two seven-year-olds, Maureen Cousins and Bill MacDonald, topped the skaters' contest in the second annual Kinsmen Club of St. Albert Skate-a-thon.

Bill, 107 Grosvenor Blvd., collected a total of \$234 from his 36 skate-a-thon sponsors to win the boys' contest. His prize was a pair of Jr. Tackaberry hockey skates.

Maureen, 119 Grosvenor Blvd., won a pair of figure skates for collecting the most proceeds of the girls who participated in last month's skate-a-thon, held at the St. Albert and District Arena.

Prizes were presented Monday night at the Arena. Of 520 skaters who participated in the skate-a-thon, 185 earned handsome bronze medallions for signing 20 or more sponsors to their pledge cards.

Sweaters were awarded to the runners-up in the boys' and girls' contests, and to nine-year-old Gary Gowan, 9 Gilmore Cres., who signed the most sponsors.

Gary, a Sir George Simpson Junior high student, signed 96 sponsors and collected \$140 for the Kinsmen skate-a-thon.

Nickerson PTA

Final selection of the winners of the oratorical contest will be made at the Leo

of \$6,000.

The skate-a-thon proceeds are earmarked to help the Kinsmen meet their \$40,000 commitment to the new St. Albert and District Arena, opened last December.

The Kinsmen, through community service projects such as skate-a-thon, are paying for the arena's artificial ice plant.

Kinsmen Club of St. Albert president Bruce Daley said the response from St. Albert citizens to the recent skate-a-thon was greater than expected, making the community service event an unqualified success.

The Kinsmen anticipate the planned 1972 skate-a-thon will complete their financial commitment to the artificial ice plant.

Around Town

The general public is invited to attend a meeting, Wednesday, May 5, at 8:30 p.m. in the St. Albert Legion Hall. The topic of discussion will be What Is Alcoholics Anonymous?

Nickerson PTA meeting April 28. Each grade at the school will be represented by one speaker.

While the panel of judges are making their decisions the PTA will conduct election of officers for the new term. Coffee will be served.

Staff at New Holland has wide experience in farming and sales

Everett Tremper, the knowledgeable manager of the just opened New-Holland store.

Emphasis on service at New Holland

The staff at the newly-opened New Holland dealership, 12719 - 156 Street, have all completed a service training course, conducted by factory personnel.

At New Holland the emphasis is on service and the sales representatives are fully knowledgeable in the products they sell.

For speedy customer service two trucks are available for field service. Designed to carry parts and special tools, these trucks are manned by fully qualified service men. When a farmer experiences trouble with his machinery, he has but to call the service department at 484-2251 and his machine will be serviced in the field and should be back in service without undue delay.

New Holland services all products they sell. The Edmonton operation boasts a fully equipped service shop, among the services offered are electric and acetylene welding.

Howard Love

From the manager on down the staff at New Holland, Edmonton, all have a wide background in farming or sales.

Everett Tremper who manages the Edmonton dealership is a native of New Sarepta. He attended school in New Sarepta and Leduc and grew up in the farm equipment business. Mr. Tremper lives at 19 Bishop street, St. Albert, with his wife Connie and children Carey, Corey and Darren. Mr. Tremper has been with New Holland for 10 years, serving the company as service representative and territory manager.

The local operation will serve the total Edmonton area within a 30 mile radius, Mr. Tremper said. The store carries a huge stock, used and new, in fact, they sell everything in farm equipment but tractors.

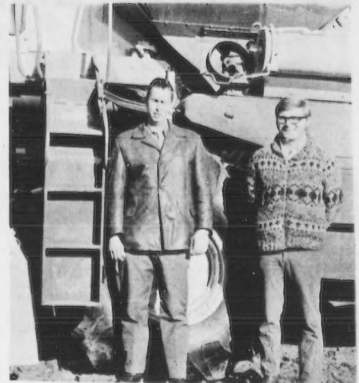

Howard Love is the company controller. He comes to New Holland with an extensive business background

Partsman Pat Keane grew up on a farm in the Legal area. Pat has completed the factory training course, as did all the staff at the dealership.

Sales representatives are Dale Gough and Leonard Ingrey. Both came from farming families, Dale from the Gibbons area and Leonard from Lloydminster. Both have previous sales experience.

Martin Montpetit, with farming experience in the Legal area, John Heidt, who comes from a farm family in the Warburg district and Bill Kool are the service men. Bill is a licensed mechanic from the Morinville area and was previously employed at Tremblay's in Morinville.

Hours of business are 8 - 5:30 daily and Saturdays till noon. The location is easily accessible and a variety of door prizes is offered for the grand opening.

New Holland sales representatives Dale Gough and Len Ingrey with one of the great many pieces of farm machinery on display at the new store.

Service personnel from left to right, Marvin Montpetit, John Heidt and Bill Kool.

The New Holland dealership, just opened at 12719 - 156 street, Edmonton, carries in excess of 30,000 parts, the largest stock in the Province. Partsman Pat Keane is shown with a portion of the extensive inventory.

ANNOUNCEMENT NEW HOLLAND EDMONTON

New Holland Division of Sperry Rand is proud to announce the appointment of New Holland Edmonton as a company owned retail store to directly serve the farmers in the Edmonton area. We will handle all types of New Holland equipment plus complete service and parts departments. New Holland Edmonton will have two salesmen to call directly on the farmers and assist them in selecting New or Used equipment.

NOTE * * New Holland Edmonton will have the largest inventory of parts for all types of New Holland equipment.

BALERS • BALE-THROWERS • BALE TWINE AND WIRE • MOWERS • CONDITIONERS • MOWER-CONDITIONERS • RAKES • CROP-CHOPPERS • FORAGE HARVESTERS • FORAGE BLOWERS • FORAGE WAGONS • MANURE SPREADERS • AUTOMATIC BALE WAGONS • FARM WAGONS • WINDROWERS • COMBINES • GRINDER-MIXERS

We will also be handling short line equipment to complete the farm package - EG: David Brown Tractors, Golden Arrow Sprayers, and tillage equipment etc., Arbor Silage dump box, Krause disc harrows, Morris rod weeder and Allied Farm Equipment lines.

New Holland Edmonton would like to take this opportunity to invite you in to see our new store at 12719 - 156 Street, and to meet our factory trained staff. Phone 484-2251

Manager - Mr. Everett Tremper
Salesmen - Dale Gough and Len Ingrey
Partsman - Pat Keane
Servicemen - Bill Kool and John Heidt
Controller - Howard Love

We at New Holland Edmonton are looking forward to serving you in the future with new ideas to better serve the farmer.

FOR THE BEST IN PRODUCTS, SERVICE AND QUALITY - BUY NEW HOLLAND

Front view of the spacious NEW HOLLAND building.

Job applicant: "Why did you see my ad say you wanted to hire a married man?"
Boss: "They don't get so upset when I yell at them."

"You know when a man should never argue with a woman?"
"Nope."
"When she's tired, or when she's rested."

The least likely way for a middle-aged woman to celebrate her birthday is annually.

Kinsmen HOCKEY SEASON ENDS

Last Saturday the Kinsmen Minor Hockey season in St. Albert came to an end with the final games of the championships being played in the mites, pee-wees and bantam leagues.

MITES

The opening game of the finals between the K of C team and the Totems started last Thursday with the K of C team scoring a convincing 7-2 win to take a 1-0 lead in the best of three series. Larry Sander and Doug Bendera scored two each with singles going to Ray Enright, Gerald Klein and Paul Kay. Totems received goals from Calvin Macaulay and Todd Wingst.

On Saturday the K of C squad won the mite championship by the same score as the first game (7-2) although seven players figured in the scoring. Chris Skrobot, Ray Enright, Larry Sander, Bradley Smith, Doug Bendera, Gerald Klein and Paul Kay each blinked the light. Kelly Ratclinski played a strong game in goal. Totems scorers were Todd Wingst and Calvin Macaulay.

The K of C team was coached by Jim Drysdale and Jack Sander. In regular league play the K of C team did not lose a game and their complete season record was 37 wins, two losses and one tie. In the playoffs Kelly Ratclinski only allowed four goals to slip by him and recorded two shut-outs. Meanwhile his team-mates scored 28 goals with Larry Sander getting eight as the top scorer.

PEE WEE

First place Oilers and fourth spot Lions hooked up in the pee-wee final with the Oilers winning the championship in two straight games. Oilers came up with a close 4-3 win in the opener which was in doubt until the final buzzer. Both clubs split goals in the first period with Doug Belley scoring for the Oilers and

Travis Parayko for the Lions.

Oilers came on strong in the second period as they scored three goals, two by Ian Grant and Belley getting his second for a 4-1 lead after two periods.

Lions seemed to come to life in the third with Mike Mitchell and Parayko picking up his second to reduce the other lead to just one goal (4-3). Oiler goalie Kevin Keith shut the door on the Lions and preserved the lead to take a 1-0 lead in the best of three series.

Oilers wrapped up the championship on Saturday with a convincing 6-0 win to take the series two straight. Doug Belley had another two goal game with singles going to Ian Grant, Dan Bishop, Ryan Chambers and Gary Walin. Kevin Keith played excellent goal for the Oilers.

Lion netminder Heigi Eyeford was also tops in goal even though he did let six go by, as he must have faced 50 shots as well as many break-aways.

Bantam

The Black Hawks won the bantam championship with two straight wins over the Safeway Seals. In order to enter the finals the Black Hawks had to go the three hill games with the Seals. The third game was completely dominated by the Black Hawks as they jumped into an early 4-0 lead and went going away 10-3. Gary Bruens was the top marksman with five goals.

The first game of the finals saw the Black Hawks take a 3-0 lead going into the third period on two goals by Terry Kleser and a single by Sandy Millroy. Early in the third the Seals got back into the game with two quick goals by Dean Hunt and Rod Gouchy to reduce the Black Hawk lead to one goal. Midway through the period the Hawks leading scorer, Gary Bruens put the game out of reach with two goals, and a fine 5-2 win to take a 1-0 lead in the series. The game was cleanly played with referees Fred Calkins

and Erling Wingst calling only five minor penalties with the Black Hawks picking up the extra one.

Black Hawks wrapped up the bantam title Saturday with a fine 5-3 win. Jim Hole and Richard Carignan gave the Hawks a 2-0 first period lead. Both teams scored twice in the second with Gary Bruens scoring both Hawk goals while Phil Lucas and Rod Gouchy blinking the light for the Seals. Black Hawks held a 4-2 lead going in to the third and upped this to 5-2 on Henry Roy's goal. Phil Lucas scored his second of the night to end the scoring and give the Black Hawks the championship.

Black Hawks took six of the 11 penalties handed out by referees Al Alain and Don Fender.

GARY BRUENS

Gary Bruens was the Black Hawks leading scorer in both league play and the playoffs. During the regular schedule Gary scored 20 goals and really sparked in the five playoff games coming up with 12, including five in the win over the Seals, which brought his team to the finals. Gary is only in his first year of bantams and will no doubt be a great asset next year.

St. Albert Knights of Columbus mites captured the championship with convincing wins over the Flyers and Totems. From left to right, in the back row: Jack Sander (coach), Scott Gordon, Brad Smith, Paul Kay, Lucien Faciote, Ian Williams, Bob Drysdale, Chris Skrobot, Jim Drysdale (coach) and Dave Prokiv. Front row: Kent Madsen, Ray Enright, Gerry Klein, Kelly Ratclinski, Doug Bendera, Larry Sander and Dave Joslyn. Missing are Neil Klein and assistant Joe Drysdale.

Broncos, coached by Garth Leask and Tom Parayko won the Shaver A hockey championship, defeating the Canucks in the finals. From left to right, back row: Tom Parayko (coach), Trent Parayko, Jerry Joyal, Brent Bello, Cameron Martin, Leonard Grier, Terry Parkin, Scott James, Michael Lancaster and Coach Garth Leask. Front row: Dennis Sabourin, Steven Speake, Tim Schrader, Darren Leask and Doug Laussen.

St. Albert again tops badminton

Relying on the inspirational play of Tony Raven, St. Albert defended its Edmonton and District Badminton Association "C" division title with an upset 11-9 win over Bonnie Doon.

Bonnie Doon had been favored in the final as a result of its first-place finish in the regular schedule.

The teams tied 5-5 in the first game of the final home-and-home series. In the second team Bonnie Doon captain Ron Kincaid dumped Raven 17-15, 15-9 and Irene Raven of St. Albert defeated Sheila Kilford 11-9, 11-6 while in men's doubles Norman Carruthers and Raven split

games with Ron Kincaid and Phil Ellwood, 16-17, 15-18. In ladies doubles: Beryl Harding and June Raven tied Sheila Kilford and Lorna Kearney of Bonnie Doon 17-14, 13-15. St. Albert won the mixed doubles as Beryl Harding and Frank Carnahan downed Lorna Kearney and Phil Ellwood.

The father of five children who doesn't show up at the office is really pretty sick.

The St. Albert Black Hawks captured the bantam hockey crown last Saturday, disposing of the Seals in two straight games. The team members are, back row, from left to right: Gordon Grant (coach); Henry Roy, Jim Hole, Terry Kleser, Richard Carignan, Gary Bruens, Doug Millroy (coach); John Koch. Front row: Sandy Millroy, Greg Pudowski, Chris Krupa, Maurice Valley, Jack Werbecki, and Chris Hoffart.

The peewee division of the Kinsmen Minor Hockey Association was won by the Oilers. Team members are, back row, left to right: Joe Rapati, Doug Belle, Kevin Ledgerwood, Lloyd Olson, Gary Wallin, David Ribu, Ian Grant, Front Row: Danny Bishop, Rick Wallin, Kevin Keith, Mike Mitchell, Ryan Chambers. Also in the picture are Howard Grant (coach); Doug Ledgerwood (assistant coach) and Mr. Bishop.

RECREATION Hi-Lites

HERCULES SOCCER
No further registrations for soccer will be accepted. Teams are now being made up and play will be starting shortly on a regular basis.

The number of registrations is higher than ever this year and more coaches and assistant coaches are needed. Knowledge of soccer need not be extensive - though a little would help. Phone the department of recreation at 599-6601 if you are willing to assist.

BASEBALL
Registration for baseball is now over and play will start as soon as scheduled.

SOFTBALL
Coaches and assistant coaches are urgently needed for girls' softball - unless more help is forthcoming there will be no program

and there will be many disappointed girls in St. Albert. Please phone the department of recreation and volunteer your services.

No more registrations are being accepted.

4H News

Everyone who attended the bowling enjoyed it very much. Cindy Brenneis, and Joan Sheehan were awarded trophies. The rodeo was also much enjoyed by all on March 28.

Camilla Clothing Club will hold their Achievement Day May 1 at 2 p.m. in the Camilla School music room. Everyone is welcome.

Basketball action at V.G. Saturday

This Saturday at Vital Grandin school a four-team bantam grad tournament will be held beginning at 10 a.m.

Teams from Edmonton Central Y, Central Soccer Club, Edmonton Boys Club and St. Albert Heracles will be competing for the St. Albert Hercules Invitational Basketball trophy.

St. Albert's team are most fortunate to have Mr. John Field as coach. Mr. Field started his basketball career playing high school ball in Victoria and Vancouver, B.C. John was a member of the Victoria Dominos who captured the Canadian championship seven years in a row. He turned pro

with the Vancouver Dominos which at that time was Canada's only professional basketball team. While there he played against the fabulous Harlem Globetrotters and the pro Lakers team led by George Mikan.

Mr. Fields attended the University of Washington on a basketball scholarship and played one year with the Huskies.

He has resided in St. Albert the past four years with his wife Patte and four children John, Lisa, Linda and Susan.

JOHN FIELD

Bicycle Club

Six members of the St. Albert Bicycle Club met at Grandin Shoppers Park Sunday and rode up to the weigh scale where four of them took part in Velo Sport Edmonton's 10 mile t.t. The club is growing rapidly and now has 25 members. Next club meeting Friday, April 30 at 8 in the Clubhouse. Everyone welcome.

If you want to come out bicycling with the St. Albert Bicycle Club this Sunday, phone 599-8704 for more details.

Bon Accord Activities

A very beautiful and stirring service was enjoyed by a capacity congregation Easter Sunday at the United Church. Readings by Jean Chubb were interspersed with selections by the choir and soloist Barbara Lewis.

Members of the choir, Mrs. E. J. Chubb, Pat Reynolds, Francis Kondruk, Irene Lewis, Isabel Moore, Jacqueline Morris, Val Reynolds and Beth Lewis are to be congratulated on their

performance. Pat Evans, who normally sings with the choir was absent on a holiday jaunt with husband Ted and daughter Cheryl.

A special vote of thanks must go to Mrs. Bob Morris for her work with the choir, and for the many other musical chores she performs for the community as a whole.

Prior to the service a triple christening took place when Pat Madden son of Mrs. Pearl Madden and the

two small daughters of Mr. and Mrs. Russell Glover were christened.

Congratulations and best wishes are extended to Andrew, son of Mr. and Mrs. Wm. McCreary of Bon Accord and Janet, youngest daughter of Mr. and Mrs. John Morris of St. Albert, whose marriage took place on Saturday, April 10 in Bon Accord Holy Trinity Anglican church. A reception and dance were held in the Bon Accord Community Centre following the ceremony.

Get well wishes go to Bob Morris who spent his Easter holidays undergoing surgery at the Royal Alex Hospital.

Congratulations to Mr. and Mrs. Paul Cheramy of Bon Accord Trailer Park on the birth of their son April 12.

The United Church ladies are happy to report a successful Easter tea and bazaar. They wish to thank all those who helped. It was a pleasure to see former UCW members, Mrs. McLaughlin, Mrs. Alex Carruthers, Mrs. Alva Mellick and Mrs. Tom Dole, the latter two accompanied by their husbands, who came from Edmonton especially for the tea.

We wish to extend our sympathy to Mrs. Alford, Ted, Bob and Audrey on the loss of husband and father, Stanley. The Alford were residents of Bon Accord for many years before taking up storekeeping in Gibbons.

George and Edith Carleton are back home looking very fit and sporting a new haircut after spending several months in California.

Andrew and Shirley Briggs and family spent a few days in the Okanagan.

Combining a bit of work with pleasure, Bryan and Gail Critchley and boys took a truck load of household goods out to Don Carruthers. Wes and Marilyn Carleton and family spent a few days in Kamloops. Mr. and Mrs. John Bland and Brian travelled to Fortage la Prairie for a visit with daughter and son-in-law, Lucy and Floyd McCarty.

Mrs. Marion Nicholson spent a busy week with her young dancers at the Edmonton Gardens preparing for the dance spectacular held in Jubilee Auditorium Sunday, April 17. Girls from Bon Accord taking part were Cheryl Rosen, Beverly Hewitt, Janet Bland and Kathleen McLean.

Chris Forster, back from an arts course in Vancouver, is busy painting advertising signs for the ball park fence.

Ray and Dorothy Rigney and daughter Marsha spent several days in Banff while Marsha attended a Highland Dancing Workshop.

Look for the Brownies the week of May 1. They'll be selling cookies.

Fay Strawson and Deborah Uehack took part in the Sturgeon 4H Speak-off at Namao April 15. Fay placed third.

Community Club are sponsoring a Fest in the Community Centre on May 1. Tickets are available from any community club member. Call Pat Reynolds for more information - 298-3558.

District residents are reminded of the forthcoming "happening" at Namao Hall on April 23, 24, 25 at 8 p.m. Guest speaker Rev. Lindsay Vogan, musical leader. Rev. Roy Chubb. The Bon Accord United Church choir will participate. Everyone is welcome to attend.

A general exodus of Bon Accordians took place over the Easter holidays. Visitors to Radium Hot Springs

included Mike, Jennie and Dale Malanchuk who enjoyed a side trip to Kelowna, Carl, Eileen and Randy Neilson travelled to Radium as did Stan and Edith Kowalski and family who also skied at Banff. Other visitors at Radium were Jimmie Milligan and his boys and Joe and Helen Cheradachuk, who were accompanied by Taras and Olga Korbey. The Ferber's were enroute to Vancouver Island. The Don Grant family were at Radium and Marshall and Allice Hewitt flew to Vancouver Island for Easter week. Bob and Irene Davis visited the Okanagan, stopping in at the new home of Don and Loretta Carruthers on their way down the valley.

As I See It

By Rose Martel

By Rose Martel

Signs of real spring are with us at long last. With it comes to light the debris of winter on land and especially on roadsides.

Last weekend I was appalled to see boxes of raw garbage along the highway and country roads, besides the usual array of empty beer cases, fried chicken cartons, etc.

Soon the land will be dry enough to begin the spring clean up. The civic minded citizen, both urban and rural will begin by raking the yard, clean up the flower beds and paint up where ever it is needed. This will help a great deal to make the property a neat place to live in and an asset to the community, no matter how small or old the dwelling or buildings may be.

In most towns and villages the 'clean up, paint up, make it beautiful' signs will go up. Both civic ad-

ministrations and local boards of trade work hand in hand, engaging the school children to make posters for the local campaign, beginning on May 1st.

As I see it everyone is well disposed to begin to clean-up and beautify their property until the blind fat, found in each block goes to work.

This is the individual who waits until everyone does their thing, then, he or she... will clean their yard, throw their excess garbage over the fence, or on the street, for the next guy to carry the load away. The abandoned house is the same. The time to kill weeds is when they are growing in May and June. Not August or late summer. The worst offenders in this category are the business places. School yards, church yards, unused land with great growth of thistles and other fast spreading weeds are to be found everywhere.

Let us all make the resolution that 1971 will be weed free in your town or village. The trees, green grass and flowers will be welcome additions... after the weeds are taken care of this coming summer... we hope!

Namao

The United Churches in the Namao district are all excited about a forthcoming happening at Namao Community Hall on April 23, 24 and 25 at 8 p.m.

There are to be three evenings of Christian rejuvenation to which everyone is invited. "The Call Is For You."

Hear the Rev. Lindsay Vogan guest speaker and sing out with Reverend Roy Chubb, musical leader.

Gibbons to receive tenders for sewer and water mains

Tenders will be received at the secretary-treasurer's office, Village of Gibbons, for the digging, laying and back-filling of 1,400 feet of water and sewer mains. Interested parties are asked to refer to an advertisement in the April 21 issue of the Gazette for further information. Associated Engineering services have been retained to provide the necessary plans for the extension. The Village secretary will be receiving applications for a full time position in the village from May 1 to October 31. Interested men are referred to the ad which appears in this week's Gazette.

Fine Chief E. Yoo and J. Mabbitt were delegates at a free meeting held in Morinville April 20.

The councillors and the secretary will be touring the village to see what improvements, within the budget, can be carried out this year.

Individuals interested in acting as co-ordinator for the Emergency Measures Organization are asked to apply to the secretary.

Village council will meet with a representative from Edmonton to discuss these issues of gas chlorine in the village water system in place of the granules now used.

Council passed a resolution to accept the address system as submitted by Northwestern Utilities for use in the village. Anyone wishing further information regarding their legal address is asked to contact the village office.

A motion was passed to accept the Sturgeon Region Parks and Recreation bylaw submitted by the recreation board.

Council met with Mr. Crawshaw at the April meeting to discuss repairs in his account with the village and the old house owned by him. If this is not remedied by July first, council will take steps to demolish this eye sore.

Council has given instructions for a new metal garbage rack to be built for the truck. The wooden one has been found unsatisfactory and does not stand up to use.

Clean up and paint-up week in the village this year will be from May 3 to May 8, with a final clean up of the streets etc. on Saturday, May 8. All residents are asked to co-operate and join in this event to make the village look inviting to visitors.

Plans for a new village office were looked into. One plan and cost estimate has been received to date, another will be in within the

CO-OPERATIVE FIRE AND CASUALTY CO.
AUTO FIRE LIABILITY INSURANCE

Representative
WALTER HERBERT
20 Gladstone Cres.
St. Albert - Ph. 599-3577

week. Submissions will be studied and discussed at a later meeting.

Land owners within the village who do not at present receive the Gazette, are asked to contact the village office.

The village extends a hearty welcome to all newcomers to the community. Please feel free to stop at the village office and meet the staff.

Viny News

By Jeanne Laplante
Mr. and Mrs. Maurice St. Arnaud were weekend visitors at the home of Mr. and Mrs. Albert St. Arnaud.

Speedy recovery wishes extended to Mrs. Jack Burns, Mrs. Orelle Fagnan and Mrs. Maria Ringuette who were hospitalized at the Immaculate.

Mr. and Mrs. Albert St. Arnaud accompanied by their sons Roger and Michel motored to Vancouver to spend the Easter holidays.

Mr. and Mrs. Henry Bernard spent the Easter holidays with their daughter and son-in-law at Jasper.

Mr. and Mrs. Rene Joly went to Spirit River to attend a wedding.

MEUNIER FARM EQUIPMENT LTD.

MORINVILLE 256-3136

Morinville Memos

Leopold Boissonnault, Mrs. Zella McDonald and David Wiley, attended a recreation administration seminar in Edmonton April 15 and 16. They will now report back to the Morinville Recreation Board, who will coordinate the summer activities program for the town.

The three charter members of the Morinville branch of the Canadian Legion, who recently received their 25 years pins were Mark Saffin, Laurent Brochu and Leo Brochu, not President Lou Calder as previously reported.

Prior to their recent wedding Denise Labonte was feted at two bridal showers. One shower, held at the home of her parents, Mr. and Mrs. Lucien Labonte was hosted by Marie, Evangeline and Yvonne Labonte. A second shower, given to her, by her fellow student nurses, at the Misericordia hospital was also well attended. The bride to be received many useful and beautiful gifts.

Mr. and Mrs. Robert Anderson recently had the pleasure of welcoming Mr. and Mrs. Georges Smith of Rochford. They are the parents of Mrs. Anderson.

Among those reported on the sick list are: Juliette Lemas, Dorothy Daigneault Mrs. Albert Leblanc and Mrs. Leon Boissonnault.

Mr. and Mrs. Lou Jacobs recently purchased the Norman Tremblay residence. Mr. and Mrs. Tremblay and family will make their home in Fort McMurray.

On Thursday, April 29, Mr. Robert J. Reid, President of the Edmonton Association for Children with Learning Disabilities will be guest speaker in Morinville.

The meeting will begin at 7:30 p.m. in Notre Dame School, all interested residents and parents are welcomed to the meeting. Coffee will be served.

The Morinville guides and their leaders, held a hay ride and outdoor supper at the farm of Mr. and Mrs. Amor Middleton on Monday evening.

Mr. and Mrs. Nick Woytkiw accompanied by their daughter Connie, Dianne Schafers and Louise Desnoyers, motored to Kelowna last weekend for the wedding of Yvonne Charost, daughter of Mr. and Mrs. Slim Charost, formerly of Morinville.

Mr. and Mrs. Louis Taillefer are the proud owners of the new spacious bungalow being built west of the underpass.

Mr. and Mrs. Camille Dubord and family spent Easter week in Edmonton while their house was being painted.

The finishing touches are being made on Toni's Variety Store for the big opening on Friday of this week. See ad for more details, in this issue.

Mayor Arthur Stapleton was the guest at the April supper meeting of the Morinville Board of Trade, with Ralph Gaetz as host. An informative talk was heard, followed by some constructive discussion. The May 4 meeting will be convened by Camille Gregoire, manager of the Royal Bank.

Stella Leblanc recently left Morinville, to take up a new position in Fort Smith.

Eileen Doring is replacing Mrs. Leblanc at the Morinville Credit Union.

Junque Boutique opens in Morinville

Are you in the market for a horn for your motor? Or perhaps an stopwatch is what you're looking for?

The Junque Boutique, which opened in Morinville last Monday can help you out on both counts.

For more conservative tastes, the store's owner, Mrs. L. Hunter of St. Albert, keeps an ample stock of good used clothing for the whole family, as well as dishes,

electric appliances, T.V. sets, a conglomeration of assorted household goods, beds and a good selection of camping equipment.

Everything sold is in working order and Mrs. Hunter will take goods on consignment.

The Junque Boutique is located behind Toni's Variety on Main street. Hours of business are Mondays and Wednesdays from 2 till 6 and Fridays from 3 - 9.

FOR SALE BY TENDER

Tenders will be accepted up until 12 o'clock noon on the fourteenth (14th) day of May, 1971 for the purchase of all or any of the following parcels of land subject to any R.E.A. Lien as of the date of purchase:

1. NE 34-57-26-W4
2. NW 34-57-26-W4

Tenders both for cash and on terms at 7 3/4% interest will be considered. Each tender must be accompanied by a certified cheque for 10% of the amount of the tender and the balance of the purchase price shall be paid within 30 days after acceptance of the tender, unless other arrangements are entered into. For further details contact the office of Farm Credit Corporation at 400 Chancery Hall, Edmonton, Alberta.

The deposit of 10% shall be forfeited by the successful tenderer if he refuses to carry out the purchase after acceptance of his tender.

Cheques of unsuccessful tenderers shall be returned to them immediately after rejection thereof.

The highest or any tender not necessarily accepted.

All tenders shall be in a sealed envelope addressed to Farm Credit Corporation, 400 Chancery Hall, Edmonton 15, Alberta, and marked "Tender - 18198 - 226."

Delegates hear many reports

at Legion District Rally

By Wally Swenarchuk

A delegation of members of the St. Albert Branch Royal Canadian Legion and its Ladies Auxiliary attended the first "joint" district rally Saturday, April 17. The men's rally was held at the Norwood branch and the auxiliary met at Montgomery branch. A joint banquet took place at the Norwood following the business sessions.

Attending the rally were President Doug Taylor, secretary Stan Rees and members Wally Swenarchuk, Ron Fehr, Paul Lefebvre, Ollie Kendall and Karl Hanemann. The ladies were represented by President June Ken-

dal, secretary Peggy Hanemann, and members Pauline Swenarchuk and Shirley Brock.

At the head table were command officers and guests including Alderman Dr. Morris Weinloos representing the City of Edmonton, Ed Coley of the Dominion executive, William Gordon, provincial commander and Fred Brown representing the DVA.

The business session received reports from five Zone commanders comprising District 2, the province's largest district from centres in Edmonton, Hinton, Mayerthorpe, Fort Assiniboine and Fort MacMurray.

tentatively scheduled for a Sunday in June.

SENIOR HIGH BADMINTON

Congratulations to the senior badminton club who took part in the zone finals. Also congratulations to Roberta Parsons who placed second in the girls singles.

PITCH & SPICE SINGERS Friday, both the senior and junior high choir will entertain at Vital Grandin and Father Jan schools.

The senior high choir will be at Vital Grandin on Friday morning, while the junior high choir will entertain Father Jan in the afternoon.

SHARE-A-LENT WALK

On Good Friday, 138 students took part in the Share-A-Lent walk from Mortville to St. Albert. The walkers collected over a thousand dollars to contribute to help the lepers in Peru.

District Commander Alex Bayrack chaired the meeting. In his report he stated that new branches had been formed during the past year at Sherwood Park and Grande Cache. In all there were 55 branches formed in Alberta since 1946. Membership exceeded quotas for 1970 by over 1,000 new members totalling 31,902 plus 6,400 social members. Greatest percentage increase in membership was in the St. Albert Branch who will be presented with the district plaque.

The Provincial Commander WW (Bill) Gordon in his address to the meeting noted progress in all areas. He commented on the polio rehabilitation project which the Royal Canadian Legion undertook following the epidemic of 1953. The annual fund-raising campaign will continue as long as rehabilitation of the polio victims is incomplete. He reported the decreasing interest of the community had in this area and the necessity for increased effort by all legion branches to fulfill its obligations on the national scale.

He also commented on the planned incursion of organizations sponsoring Miles for Millions marches in August Nov. 11 as a date for this purpose. The meeting supported the provincial command in emphatically denying any organization the use of this date for any purpose other than Remembrance!

Representing Dominion Command, Comrade Ed Col-

ey spoke of the necessity of re-evaluating the Legion's aims and objectives. The lifeblood of the Legion stems from its membership, and as the older veterans pass on who will perpetuate the Legion's work? This will be a popular topic for discussion at the coming provincial convention to be held June 6-9 in Edmonton.

Other reports were read by Comrades Ed Dyck, provincial vice pres and chairman for membership, Jack Chapman, provincial sports director, Comrade Ed Hirsch, poppy fund chairman, Jim Buffam, Last Post Fund, Stan Walpole, provincial secretary, and from Comrade Jim Fote, chairman of the local Low-Rental Housing project. This project is now 90 per cent complete and will be ready for inspection by the date of the June convention. The project is located on 51A Avenue and 106 Street. A Sweepstake will be conducted for the purpose of reducing the rental cost to indigent and elderly veterans and widows. Elections took place at the end of the business session and Alex Bayrack of Edmonton was re-elected by acclamation as district commander.

Tennis

Instruction

Sponsored by the St. Albert Tennis Club in co-operation with the Department of Parks and Recreation

Sturgeon 4H Council holds public speaking competitions

By Tom Bowman

The Sturgeon 4-H Public Speaking competitions were held Thursday, April 15 at Namas School. A fairly large crowd turned out to hear the 15 top 4-H speakers in the Sturgeon area.

Joyce Rigney was chairman for the evening and the 4-H pledge was led by two Namas girls - Janice and Irene Crozier. The judges for the evening were Rick Andrews, Department of youth; John Boock of St. Albert and Alvin Tappay, YAT. Following is a list of the speakers and their topics: Kathy Kyle, Alcomdale Clothing, "Beyond our Five Senses;" Darrel Sheehan, Riviere Qui Barre Beef, "Signs of the Generation Gap in our Family;" Laurel Horricks, Namas Beef, "Ups and Downs;" Darrell Kremer, Villeneuve Beef, "Lost Art of Loafing;" Fay Strawson, Bon Accord Beef, "A Time for Change;" Henry Van de Vliert, Sturgeon Valley Dairy, "Youthful Shoplifters;" Audrey Gibson, Namas Clothing, "In Defence of Youth;" Robert Parads, Gibbons Garden, "The Dream Team;" Deborah Uchacz, Bon Accord Clothing, "This I Believe;" Dianne Sheehan, Villeneuve Clothing, "Don't Quit," Judy Demers, Gibbons Clothing, "Self Confidence;" Bernice Burns, Camilla Clothing, "Why School is a Drag;" Rita Rigel, Morinville Sewing, "Enthusiasm;" Christine Bychyn, Alcomdale Beef, "Reminiscing;" and Sylvia Bowman, Gibbons Light Horse, "Superstitions."

The judges had a difficult time picking the four winners, who were presented with trophies. The Morinville Seed Cleaning Plant award was presented by Allan McDonnell to Audrey Gibbons.

The Keith Everitt award, presented by Rev. Dr. E. Miller, went to Dianne Sheehan.

Royal Bank of Canada award, presented by Tony

Walker, went to Fay Strawson.

Kodak Electric award was presented by Jack Pearse to Rita Rigel.

The two top speakers, Audrey Gibson and Dianne Sheehan will now go on to

compete in the Edmonton Regional Speak-offs, Friday, April 23 at the Splex at Spruce Grove.

The evening ended with everyone enjoying coffee and doughnuts.

Audrey Gibson, Namas Clothing Club, with her first place trophy, the Morinville Seed Cleaning Plant award. Audrey was one of 15 top 4-H speakers in the Sturgeon 4H Council Public Speaking competitions.

Fay Strawson, who placed third in the Sturgeon 4H Council Public Speaking competitions, was awarded the Royal Bank of Canada award. Fay is a member of the Bon Accord Beef Club.

Dianne Sheehan, representing the Villeneuve Clothing Club was awarded the Keith Everitt trophy. Dianne placed second in the April 15 public speaking competitions.

If you think you aren't getting enough attention - try making one big mistake.

The Kodak Electric award was presented to Rita Rigel, of the Morinville Sewing Club. Rita placed fourth in the Sturgeon 4H Council Speak-offs.

No spring slump for oil stocks?

Investor interest in Western Canadian oil stocks could reverse a long-established pattern this spring, W. L. Dack reports in The Financial Post. The oil share the hottest stock group on Canadian exchanges - and there's every indication that the present interest in them will hold at high levels right through the spring break-up period. That is when melting surface permafrost curtails drilling programs in some northern areas. In the past, that usually has been the signal for many fast-turn traders to bail out. Helping to maintain the interest this year, The Financial Post says, are these factors: Still-spreading in-

vestor awareness of the market take-off potential of many of these stocks in the event a promising find is made. Drilling activity, which will continue at a high rate throughout the spring in the Arctic islands and off the East Coast, with additional rigs and companies

getting into the act. Active companies making plans to keep as many of the rigs as possible drilling on late-spudded holes, even in the Mackenzie Delta, where the break-up causes some drilling outback by hauling movement of rigs to new drilling locations.

FARM SALE

Having been favored with instructions from

GEORGE CESSFORD

of NORTH EDMONTON, who has rented his farm we will sell on:

TUESDAY, MAY 4, 1971

3 1/2 MILES NORTH OF THE TRANSIT HOTEL ON 66th STREET IN EDMONTON OR 2 MILES EAST OF NAMAO AIR BASE AND 1 MILE SOUTH.

Hospital tea planned for Sunday

The 1971 Spring Tea hosted by the Sturgeon General Municipal Hospital Auxiliary will be held Sunday, April 25, from 2 - 4 p.m., in the St. Albert Community Hall. Convener is Eleanor Dean.

Hostesses will be Mary Campbell, auxiliary president, assisted by Betty Smithson. The bake table will be supervised by Bernice Deutscher and Mary Halwa.

Pourers for the afternoon are: Betty Drury RN, director of nursing; Mrs. Gordon Townsend, Eileen Gibbon, Mrs. Stan Walker and Mrs. Arthur Stapleton.

Pricilla Schaffers will be in charge of the raffle tickets and memberships.

All residents in the MD of Sturgeon are cordially invited to support their hospital auxiliary by patronizing this Sunday afternoon tea, as are the residents of St. Albert, Morinville and Legal.

A group of young people, most of whom will be voting for the first time this year, met with Conservative leader Peter Lougheed on April 14, accompanied by Ernie Jamison, Conservative candidate for this constituency. It was the young fellows in the group who came up with questions for Mr. Lougheed, many of them concerned with what the future holds in store for this age group in Alberta. Shown from left are Mr. Lougheed, Paul Riopel, Shirley MacKenzie, Stephen Laird, Pat Lucas, Betty Harrison, Mary Jamison, Laurie Baker, Dave Atkinson, Brian O'Toole and Ernie Jamison. Another member of the group, Vic Post, took the photo on the steps of the Legislature following the meeting.

Singers invite new members

St. Albert Singers is offering a free four-week trial period to potential new members, beginning this Thursday night at 8:45 p.m. in the Lower Hall of the United Church. If you've been considering joining the St. Albert Singers, here's your chance to find out more about the group.

For the next four weeks the Singers will be rehearsing

Brahms German Folk Songs and three beautifully arranged Negro Spirituals for presentation in mid-May. A special invitation is extended to newcomers to share in the preparation of this work.

The St. Albert Singers is an ecumenical community choir for high schoolers and adults, under the direction of Lillian Upright.

Chevalier-Labonte Vows

The above four boys have been selected from the St. Albert Hercules bantam grade team to play for the Edmonton All Stars in a basketball match against Calgary in mid-May. From left to right - Matt Gibbon, Terry MacPherson, Bill Hole and John Field.

St. John the Baptist RC church in Morinville was the scene of a pretty afternoon wedding, Friday April 16, when Denise Labonte, daughter of Mr. and Mrs. Lucien Labonte and Rene Chevalier, son of Mr. and Mrs. Ubaldo Chevalier, all of Morinville, were united in marriage.

Rev. Georges H. Primeau officiated at the double ring ceremony.

Given in marriage by her father the bride chose a gown

of Swiss dotted nylon trimmed with Swiss lace, featuring long cuffed sleeves and high neckline. Her long chapel veil was trimmed to match the gown. She carried a bouquet of pink sweetheart roses.

The bride's sisters, Anne Marie and Yvonne Labonte were bridesmaids. They chose identical gowns of aqua blue Swiss dotted nylon in princess styles with daisy lace trim on collar, cuffs and waist.

Each carried colonial bouquets of shasta daisies trimmed with aqua blue velvet ribbon. Diane Holterhus niece of the bride was flower girl. She was dressed identical to the bridesmaids.

The groom was attended by Paul Krauskopf, best man and Marcel Gervais cousin of the groom, was attendant.

Soloist was Eloise Bore, accompanied on the organ by Rev. Sister Eileen. Following the church ceremony a reception and banquet for 112 guests were held at the Morinville Recreation Centre. Master of ceremonies was Paul Morin, brother-in-law of the groom. The toast to the bride was proposed by Laurier Labonte, brother of the bride.

A wedding dance for 250 invited guests concluded the evening.

For her daughter's wedding Mrs. Labonte chose a navy blue tulle dress with white accessories and corsage of pink carnations. Mrs. Chevalier, mother of the bride, wore a coral ensemble with white accessories and matching corsage.

For her going away ensemble the bride changed into a navy coat dress with red accessories. Mr. and Mrs. Rene Chevalier will make their home in Edmonton.

Out of town guests included Mr. and Mrs. Michael Labonte, Prince George B.C., Mr. and Mrs. Arnold Heltterhus, Regina, Sask., Mr. and Mrs. Arthur Labonte, Mystery Lake, Alta.

Pedal Pushers are go next month

The St. Albert Breakfast Lions Club are bicycle mad this year. First the bike-a-thon, now Pedal Pushers club, what's next? Indications are that an intermediate Pedal Pushers club for experienced riders may be organized in the near future.

Lion Eric Robinson will organize this year's Pedal Pushers club and is badly

in need of adult help. Any one wishing to assist, please ring Eric at 599-3561. If not enough adults volunteer their services, the program cannot be proceeded with. Registrations will be taken at the Clubhouse, Friday, April 30, from 7 - 9 p.m.

Instructor training, same time, same place, Sunday,

May 2. Locations and dates for this year's Pedal Pushers will be announced in next week's Gazette.

Application forms will be distributed during the coming week to all students attending grades 1 to 5. Applicants must be able to ride and must have his or her own bicycle. As in previous years, bikes must pass a safety inspection, including wheel wobble, brakes, saddle height etc.

The Pedal Pushers Clubs are organized annually by the Alberta Safety Council in conjunction with various service clubs, town councils and public minded citizens.

Be sure your child comes back - Alive.

Thank You

Fred Austin and family would like to thank Dr. Mirila and associates, and the staffs of Sturgeon General and Edmonton General hospitals and the W. W. Cross clinic for their wonderful care of Mrs. Austin. We also extend our deep appreciation to the Royal Canadian Legion, St. Albert branch and the Women's Auxiliary, and to the friends and neighbors whose kind words of comfort and many floral tributes meant so much to us in our recent sad bereavement, in the loss of our beloved wife, mother and nana.

F. C. Austin and family.

SCHOOL CUSTODIANS

Sturgeon School Division No. 24 will accept applications for full time custodians for the following schools:

Horse Hill School - 5 miles east of City on Highway 15
Bon Accord School - 19 miles north of City on Highway 28
Sturgeon Heights School - 2 miles north-west of St. Albert
Camilla School - Riviere Qui Barre hamlet; west and south of Morinville

Applicants must have knowledge of general maintenance including painting, etc. Salary - approximately \$6,000.00 annual. Closing date for applications is May 14th.

Application forms available from:

Maintenance Supervisor
Sturgeon School Division No. 24
Box 510

Reports from the Legislature

by Keith Everitt (SC)

Premier on Bill 28

Following is a copy of a statement presented to the Legislature by Premier Harry Strom. The Premier addressed the assembly April 2, speaking on Bill 28.

Following a variety of consultations yesterday with the Alberta Urban Municipalities Association, the Government remains convinced that no more than 38 million dollars should be distributed through the Municipal Assistance Grants in 1971.

During three meetings the case of the municipalities was advanced by a committee of the executive, by the whole meeting, and later by a group of the membership. They noted that their electors would be looking more closely at municipal budgets and they expressed the opinion that the ceiling of \$8 million should not be imposed this year because of rising municipal expendi-

tures. Members of the Cabinet advanced the case of the Province. The Provincial Treasurer pointed out that, as compared with a \$61 million increase in the provincial budget for 1971-72, some \$40 million is earmarked for increased grants to education and hospital expenses.

The Minister of Education reminded the municipalities of the increased share of the costs of education being picked up by the province this year - a total share of 59.27 per cent of the costs of the Grade 1-12 system. The minister of municipal affairs pointed out that the province is continuing to vigorously pursue a policy which has been advanced for some time by the municipalities - that provincial general revenues should pay for services to people and property tax revenues for ser-

vices to property.

No doubt there are those who will say that the Government has not needed urgent representations by the municipalities. On the contrary, however, the Government has listened long and carefully to the municipalities and is providing firm and decisive leadership in responsible use of the monies which the people of Alberta pay in taxes.

It has not been an easy decision for the Government to take. It would have been much easier to acquiesce to municipal demands. But this is not a time for Governments to be moved by sudden pressures and demonstrations. The firm, decisive leadership of this Government, in ordering the financial affairs of the Province and in seeking to control the rapidly escalating expenditures of the public sector are the policies which are necessary for these times.

It is impossible by the procedures of this House to increase an appropriation presently under consideration by the Assembly, and it is the intention of the Government to proceed with Bill 28 in its present form.

It is the intention of the Government to proceed, as rapidly as possible, with a full scale provincial-municipal fiscal study. We have now received the recommendations of the Alberta Association of Municipal Districts and Counties and the Alberta Urban Municipalities Association on the format and terms of reference for this study.

As soon as possible, a composite statement of these and provincial suggestions will be drafted and consultations will be held. When agreement has been reached, the province will commission the study.

The recommendations of this study will, in large measure, determine the future size and level of provincial assistance to municipalities.

by Hugh Horner (PC)

Industrial Development

The Industrial Development Incentives Act, Bill 46, has now gone through the Legislature and I would like to report to you on it as it is so important to rural Alberta.

You will recall that I said earlier that the government had introduced this Bill and they were going to provide three million dollars in the first year in incentives to industry to locate in areas of under 40,000 people. When we got to clause-by-clause study of the Bill there were a number of things that are interesting: part of all in the definition part of the Act the term "facility" did not include land and of course this is a very important part of any facility and an important part of the costs. A lot of occasions the rural areas are small and communities can provide the land as a part of the capital costs, so we were very concerned that land had been left out of the definition of "facility." After some argument we were able to convince the minister that land should be included and it is now a part of that definition.

The next important part of the Bill is the definitions of what an industry is and what industries will qualify under the Incentives Act. We had a great deal of argument in regard to this and the Conservatives moved several amendments. Unfortunately, none of these amendments were accepted by the Social Credit Government so there are some interesting developments.

In handling these definitions, they listed a number of things that are not included. The first one not included is oil and gas production, or refining. The second one is mining, the third is logging.

I want to deal with this question of logging for a moment. Under the Federal Incentives Act saw milling is included under their incentives. In the Provincial one, saw milling isn't going to be included. This is very unfortunate for the timber areas of Alberta because one of the things that has cut into the number of jobs

available is the failure of the small operator to get the necessary financing to set up saw milling operations. We moved an amendment that would have included saw milling in the definition of "industry" but the Social Crediters voted it down.

The next one that's excluded is fishing - of all kinds. We moved an amendment to include fish processing and fish hatcheries under the definition "industry." Again, this was voted down by the Social Credit Government.

The next one that's excluded is agriculture. This is of course very, very important to the rural areas because if we're going to get secondary industry we have to base it on agriculture. If the definition of agriculture is too strict then it's going to really hamper us getting industry into our area. We tried to get a broader definition, but again were voted down by Social Credit. The sixth one is utility generation or distribution and then we moved on to the seventh one that was excluded and this was all service industries.

We tried very hard to explain to the government that, while there were certain areas in a rural Alberta where there was an over abundance of service industries in some lines, in others there wasn't enough of them. Certainly in some of the towns that were fairly close to the major areas service industry could, in fact, be an

excellent secondary industry. However, the government wouldn't listen to any of our arguments and in spite of an amendment to delete this, they overruled us. We then went on and discussed the major loaning provisions of the Bill and this is to provide one-third of the capital cost to a maximum of \$500,000 for any one project that qualifies. This one-third would be in the form of a forgivable loan if the industry stayed in operation for five years. There are a number of points in regard to this: We thought it was too small and moved an amendment to increase it to two-thirds - this was voted down by the Social Crediters. We then said the forgivable loan if the industry stayed in operation for five years. There are a number of points in regard to this: We thought it was too small and moved an amendment to increase it to two-thirds - this was voted down by the Social Crediters. We then said the forgivable loan if the industry stayed in operation for five years. There are a number of points in regard to this: We thought it was too small and moved an amendment to increase it to two-thirds - this was voted down by the Social Crediters.

My major concern is that they have made the Bill so rigid that it will hamper in certain cases our quest for industry into our smaller towns. We believe that we must have not only more money involved in industrial incentives, but a much more flexible approach so that if an industry can show that it would be of benefit to an area without hurting any of the industries at present in the area, that it should be given consideration without any rigid definitions bothering it. Certainly, if we can show that this kind of approach will give jobs and economic activity to our rural areas, this should be our objective.

Rapeseed productions requires extra care to achieve high standards

—Issued by the District Agriculturist

Rapeseed is not like wheat or coarse grains which always have a buyer for low or off grades if the price is right. Rapeseed must meet high quality standards or nobody wants it. A good quality product is difficult or impossible to obtain at any level or processing of poor quality rapeseed is used, and the oil loss during the refining process can be very high.

It is estimated that if oil from good seed is refined, losses during the process will not exceed eight per cent. However, if oil is used from seed that is immature, has been frozen, is cracked, damp or green in color, losses can exceed 21 per cent.

Although there is some difference in the size of rapeseed and tame mustard seed, each is a contaminant of the other, and complete separation of the two is impossible. Because of the danger of contamination from volunteer growth, rape and mustard should never be grown on the same farm, and preferably not in the same district. Nor should the same facilities (vehicles, machinery, elevators, seed cleaning plants, etc.) be used.

Rape is not as drought tolerant as cereals or mustard and is best suited to the park belt area of the prairie provinces. Rape seedlings usually survive light spring frosts but heavy frosts, a hazard in northern areas, may cause severe damage. The Polish turnip rape varieties are more tolerant to spring frost than the Argentine varieties. They may be seeded later and still escape fall frost damage.

General fertilizer recommendations for rape are very similar to those for cereals, except that more nitrogen may be recommended for stubble land.

Although rape seedlings do not compete well with weeds immediately after they have emerged, the plants grow rapidly once established and smother

most broad-leaved weeds. Cross-harrowing is not recommended for rape crops after the seedlings have emerged because the stand may be destroyed.

Rape crops are susceptible to a fairly large number of diseases and insects, and should be checked regularly from the time the seedlings emerge until the pods are fully formed.

The above are just a few of the subjects covered in "Rapeseed - Canada's Cin-

derella Crop." Other topics included in this comprehensive and well illustrated bulletin include world oilseed markets, domestic market potential, rape varieties and species, seed and seeding practices, harvesting, threshing, storage, cleaning and grading.

"Rapeseed - Canada's 'Cinderella' Crop" is available from district agriculturists in Morinville. This farm is located two miles north and one-quarter mile west from Namoo

Care advised in storing clothes

By Pat Prymak
District Home Economist

I've just finished reading a bulletin, "Control of Fabric Pests." This is a publication of the Canada Department of Agriculture and is available from your district home economist.

With the change from winter to summer clothing at this time of year, I think a few excerpts from this bulletin would be quite timely. Your winter clothes may be damaged by carpet beetles or clothes moths if precautions are not taken. Remember these pests will attack materials of animal origin. This will include

your woolsens, furs, silk, feathers, hair and natural bristles.

Sanitation is the key to prevention. When vacuuming, pay particular attention to undisturbed places where dust collects. Here's how to kill or drive out the insect larvae in your clothing and blankets: Hang outside on a hot sunny day. Before bringing used furniture or other susceptible materials into your home, make sure they are free of fabric pests.

The winter clothing you're storing away now should first be cleaned. Fabrics soiled by perspiration, urine, oil from hair, milk, alcoholic beverages, tomato juice or soft drinks are more likely to be damaged than clean fabrics.

To provide the best care for your furs, have them stored commercially. Your other fabrics, of animal origin may be stored tightly sealed containers, in trunks, chests and boxes, between the layers of stored materials place layers of paper sprinkled with paradichlorobenzene (PDB) moth crystals. Sprinkle at the rate of one pound per 30 cubic feet of enclosed space. If you're using naphthalene flakes or moth balls, apply them at the same rate. If you're storing your winter clothing in a garment bag, hang a few ounces of cry-

stals in a cheesecloth at the top of the bag.

Remember - keep your house clean to keep it free from fabric pests. Use chemicals to protect susceptible materials or to get rid of any pests present.

Mini-tractors catch on

The forecasts were all over the ballpark. John Schreiner says in *The Financial Post*, when the major farm-equipment companies were asked by their association in December to forecast 1971 dollar sales of the lawn and garden implements they make. Two Canadian companies predicted 10 per cent gains this year, with another two saying five per cent, two suggesting three per cent and one a modest two per cent increase. The spring weather, on which a good sales spurt hangs, will show which prediction is right. The implements in question, Schreiner notes, are a dwarf version of the big stuff sold to farmers, centring on the mini-tractor. About 20 makers are in the market, each offering models at several power (eight hp-16 hp) and price brackets (\$600-\$2,000). They're selling to a market of affluent suburbanites whose town and/or country lots are too spacious for conventional power mowers and hand tillage tools. Other good customers include farmers, where the mini-tractors are used for small chores in big yards; and commercial buyers, such as gardeners and landscapers.

Rapeseed Test

Due to the moist conditions of last summer, root rot was very prevalent. The disease can be carried over in crop residues and in the seed. When this happens, germination is lowered and many seedlings are deformed.

To be on the safe side, farmers are advised to use high quality seed and treat with Captan at the rate of four to five ounces per hundred pounds of seed.

—Issued by the District Agriculturist

Demonstration

A demonstration on pruning of trees, including fruit trees and shelterbelts will be held on Saturday, May 8, 1971 from 1 to 4 p.m. at Kindlemans farm.

This farm is located two miles north and one-quarter mile west from Namoo

school. Namoo school is eight miles north of 137 Avenue on highway 28.

Alberta Department of Agriculture personnel will be in attendance.

You are cordially invited to attend and bring your neighbor.

Something's gotta give

For the suppliers of building materials right now, Isabelle Mulligan says in *The Financial Post*, there's nothing that sums up their situation better than one line from a certain old Fred Astaire song. It goes: " . . . something's gotta give, something's gotta give, something's gotta give." Last year, *The Financial Post* notes, the suppliers had one of their worst years on record. Few of them, if any, made any money selling building materials. Now they're anxiously watching their prospects in the house building market. House builders themselves say 1971 ought to be a much better year than 1970. (Which is perhaps not saying much.) Anyhow, the suppliers are skeptical, but they insist "something's gotta give" because their own special business depression, hooked to the slump in housing, forced them to shave prices to a point where they were simply breaking even - or in some cases losing money - just to hang on to their cus-

tomers and keep their stocks moving. *The Financial Post* says that housebuilding is now their big hope because commercial and industrial construction is expected to be depressed for some time. If housing does pick up -- and there are encouraging signs -- materials prices are almost sure to rise -- some items by as much as 15 per cent.

The heart of a blue whale is so large that the main blood vessel is big enough for a child to crawl through.

Untapped oil shale in the United States probably contains more than 2,000 billion barrels of petroleum. The richest known deposits extend through parts of Colorado, Utah, and Wyoming.

Australia's duckbill platypus swims like a fish, lays eggs like a bird, and gives milk like a mammal, *National Geographic* says.

Forage Management Assistance

The Alberta Department of Agriculture has introduced a policy to improve the management and quality of hay and pasture crops.

Financial assistance will be available to farmers upon approval of applications. Projects or activities that will be considered are as follows:

1. Rotational or zero grazing.
2. Any improved harvesting practice, e.g., condition-

3. Renovation of old stands.
4. Specific fertilizer application.
5. New seeding techniques.

This list can go on providing management and quality is involved.

Anyone who wishes to participate in this program should contact their district agriculturist in Morinville (phone 256-3351).

Home-Ec summer courses

By Pat Prymak, District Home Economist

High School Credit courses will be offered at the Agricultural Colleges this summer. The schedule will be as follows:

Home Economics 10: Vermilion - July 12 - 30.
Fabric and Dress 10: Fairview - July 19 - August 13
Fabric and Dress 10: Olds - August 2 - 20.
There will be a tuition fee plus costs for room and board, materials and supplies.

Further details will be released as soon as they are received. Meanwhile, if you are interested in any of the above, kindly fill in the form below and forward it to me at the Morinville office.

I am interested in the following courses and would appreciate receiving further information when it is available. (Indicate choice by a check mark (X))

Home Economics 10 - Vermilion ()
Fabric and Dress 10 - Olds ()
Fabric and Dress 10 - Fairview ()

Ball Estate

Continued from Page 1

tion remains unaltered. But he felt that if this proposal goes through, a new plan will be needed. Councillor Kambourff observed that the 1966 plan was made after Ball Estate was annexed, therefore the land was originally meant for acreages. Councillor Russell pointed out that the residents were in favor of the 1966 plan.

"This matter has been argued loud and long" said Cr. de Bruijn. "With two extensive public hearings. But I have the feeling that the majority of the objections at the present time are not primarily to the parking lot, but to the hotel. I am not an expert on planning," he went on, "but anytime a plan is presented, it is always subject to changes." He noted that population forecasts for St. Albert when the 1966 plan was formed were for 30,000. Now the forecast is for 80,000 over the next 25-30 years" said Councillor de Bruijn. "And this, along with the new university, means that the whole concept of planning needs to be looked at again," I believe in the need to settle the town down also, but this proposal will not detract from either style of living.

Councillor Lukay said the town is discouraging down town development. Cr. de Bruijn said he concurred with Cr. de Bruijn that the main objections are to the hotel, not the parking, and that the hotel can be developed regardless of zoning lot 2 to parking.

Asked to speak, Mr. Shapiro said his firm's position was set out in a letter to council, and that Councillor Russell had introduced nothing new. Planner Woodroffe observed that whether or not anything new was introduced, the old problems created by the proposal still have not been solved.

Cr. Russell stated that the residents objection were to the parking. They did not object to the original 20-room hotel proposal, he stated. "As for the new information, I was referring to the plan of Northern Land Holdings. If council is thinking of a large commercial development south of the Klondike Inn, then we are also considering other commercial development all through this area. This concerns me - think what could happen to Ball Estate!" he said. Mayor Gibson then gave Mr. Bill Webber opportunity

to speak on behalf of the Ball Estate people present. "Mr. Russell's arguments are our own" said Mr. Webber. I was unhappy to hear councillors say they felt we were objecting to the hotel, and point out again, that if this was the case we would have objected to the original small-hotel proposal, but we did not." He went on to say that he agreed that the increase in proposed population deserves a new look at planning. "We oppose the fact that council is planning one small portion, rather than the whole of the area" said Mr. Webber.

Councillor White asked "where did this figure of 84 rooms come from with regard to the hotel?" Mr. Shapiro's representative replied that "at present our plan is for a 25-room hotel with provision for expansion to 100 rooms."

The motion that third reading not be given the bylaw was lost. Councillor Kambourff then suggested that council give third reading now. Crs. Russell and Lukay said it should not be given until the development proposal is in and approved. Cr. Kambourff said if the bylaw was passed now, it would allow recourse for the landowners. His motion to give third reading lost 6-1.

The situation therefore remains exactly as before Councillor Russell served his notice of motion. The resolution on the books is that third reading is tabled until an acceptable development plan is brought in.

Board Considers

Continued from Page 1

sharing of office equipment and students would be readily available to work in the school administration offices, he said.

Mr. Hrynew also suggested that the architect make provisions to close-in the second floor student lounge. The school will not be allowed a proper cafeteria until its student population reaches 700, and until such time the area just off the gym will have to serve this purpose. Mr. Hrynew felt that the open area currently planned for could not be easily supervised. Mr. Hrynew did agree, however, that an open lounge would give a feeling of spaciousness.

In conclusion, Mr. Hrynew asked that serious consideration be given to a one storey school. Such a design would solve the serious problem of having to move heavy equipment up and down the stairs or having to duplicate expensive equipment, he said. "A one storey building would allow more flexibility in design. We might possibly come up with something more creative than we have here," Mr. Hrynew said. "Two storey buildings are boxes," he added. Mr. Gish said he was relatively pleased with the plan as presented to the board, but added that the teachers suggestions should be given serious consideration.

Mr. Gish said he could not agree with a number of the points raised by Mr. Hrynew. The superintendent sees no problem in supervising the students lounge. "These are young adults," he said, "Can they not be trusted to live by the

school's rules?"

Mr. Gish said he does not see the need for the business education department to be located next to the main floor administration offices. "The trend in business education now is to get the student away from the familiar classroom atmosphere and into the business offices," he said, noting that in the plan the two areas are placed almost directly above one another and are in reality not all that far removed.

Mr. Gardener agreed with Mr. Hrynew's statement that a two storey building has not been proven cheaper to build than a one storey building, but he added, the school site is not suitable for a one storey plant as it slopes too much.

Soil tests are to be carried out this week and further meetings will take place between the board, staff and architects.

Hopefully the school will open its doors in September 1972, but the board again expressed its concern over the town's apparent inability to resolve the Forest Lawn re-plot. Trustee Dr. W. Cuts said "it is a pity that one official body in this town should keep another official body in suspense."

Garden to add color to

week-long Home Show

A 2,000 square foot landscaped garden, complete with trees in full leaf, green grass and flowers, will give the Edmonton Home Show a dash of spring-time color and freshness.

Designed by the Alberta Nursery Trades Association, one of the show's sponsors, the garden will be displayed inside the Sportex Building during the week-long production opening April 26. "It will realistically portray beautiful outdoor landscaping," says ANTA Director Klaus Wehner of Edmonton.

Adding to the realism will be contoured hills, rocks, gravel, a patio, two slides through the area, and a bridge over a small pond. "Trees will be grouped aesthetically and will include spruce, birch, mugho pine, green ash, juniper, cedar and mayday." All materials for the garden -- which will cost more than \$1,200 to install -- will be donated

by association members. Wehner is one of five directors of the 52-member Nursery Trade Association. He is manager of Gem Sod Farms Ltd. and general manager of Claire View Landscaping Ltd.

Newcomers

We welcome the following to St. Albert:

Mr. and Mrs. L. Johnson and family; Mr. and Mrs. W. Murray and family; Mr. and Mrs. L. Whittaker and family; Mr. and Mrs. J. Shuya and family.

Mrs. Colter and Miss Colter; Mr. and Mrs. W. Havlik; Mr. and Mrs. G. Gardner and family of Ridgewood Terrace.

Mrs. M. Kool and family of Mission Park.

For quick sale - two bedrooms, large lot, 86 x 120. Morinville.

PHONE -- 256-3127

Anyone interested in forming a partnership to purchase a light aircraft please phone -- MORINVILLE 256-3060 or 256-3107.
